## WORK EXPERIENCE

### JenziSmart, Nairobi — Co-Founder

NOVEMBER 2021 - PRESENT

Am leading product development of the digital platform uberizing construction operations in Kenya. Currently piloting in Nairobi City areas.

### JoyyLam Ventures, Nairobi — Product Innovation

SEPTEMBER 2019 - DECEMBER 2021

I led the product design, prototyping and go-to market strategies, developing a working prototype that secured roll-out funding.

### Arigiene LTD, Nairobi — Co-Founder & Product Design

APRIL 2017 - AUGUST 2019

I led the product design and innovation, which won the 2018 Nairobi Innovation Week proceeding to the pitch in Norway and later secured seed investment.

### Young Savers Kenya, Nairobi — Co-Founder & Product Dev.

APRIL 2015 - AUGUST 2017

I led the product development of the startup that provided digital saving solutions for students. I managed to sign up over 12 schools in the Coastal Kenya.
